"We couldn't do it without them!" This expression of gratitude is one we often hear when Wycliffe workers talk about their prayer and financial partners. Around the globe, language groups are receiving God's Word for the first time because of the dedication of people like you! Your partnership is critical as we finish the task of reaching about 2,200* more Bibleless language groups. Our goal is the fulfillment of Vision 2025—a Bible translation program in progress in every language still needing one by 2025. Only a team effort, energized by God's strength, will make this vision a reality. It is a privilege to be part of this great work and a pleasure to commend our colleagues to you. Thank you for your partnership with them. We couldn't do it without you.

Warmly in Christ,

Bob Creson
